

ICU Nurses to work in Bristol

Vitae Professionals® - a Portuguese recruitment company specialized in international healthcare recruitment is looking for experienced Nurses to Work in the General Intensive Care Unit at University Bristol NHS Foundation Trust.

General Intensive Care Unit (GICU) is currently a 21 bedded unit which caters for level 3 and 2 (Intensive care and High Dependency) patients and treats around 1300 patients per year. GICU care for patients from a variety of Specialties Including Medicine, Surgery, Oncology, Haematology and Gynaecology and are also a tertiary referral centre for out of hospital cardiac arrest patients out of hours.

Joining University Bristol NHS Foundation Trust you will be joining an 'Outstanding' Trust, based in the heart of a city, previously voted as the best place to live and work.

Bristol is a lively, dynamic and cosmopolitan city with excellent road, rail and air links where you can travel with ease - Two main railway stations and an international airport.

The city is also known thanks to the cultural events, nature and sustainability. Definitely a good choice.

OFFER:

- (Registered nurses)
- Relocation package £750
- Salary according to experience
- Permanent Contract
- Flight voucher of £200 after 6 months in employment

REQUIREMENTS:

- Previous experience in ICU
- NMC register (Nurses with no register will have support with OET exam and obtaining their PIN)
- Good English Level

If you are looking to work in one of the best hospitals in the UK where you will be fully supported and encouraged throughout your career, this is your opportunity! CVs to **info@vitaeprofessionals.com**
